ing year, in Township No. 9, Range 6, No. 11, Rango 6, and in Letter D, Range 1.

There has been a steady-demand for settling land through the season, and more lots have been sold than in any former year. As the United States have recently established a post near the mouth of the Aroostook, and another at the mouth of Fish River, and have sent a Company of soldiers, to each, new roads will undoubtedly be soon opened through this section of the State, mail routes established, new markets opened for produce, and the settler will feel additional security from any border difficulty,

With the known fertility of the soil, the advantage of good roads and mills, and the rapid settlement of this part of the State, it is believed that a most favorable opportunity is now offered to young men who wish to become farmers, to secure themselves good locations, where in a few years, with in-dustry and economy, they cannot fail to secure to

### LORRAINES PILLS, OR VEGETABLE UNIVERSAL MEDICINE CURATIVE

OF THE French College of Health, in Paris. THE following letter was received yesterday by mail from Salem It gives another evidence of the great success of Lorranie's Vegetable Unitered Pulls

SIR I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last souted on the yitals and exhibited all the threatening symptoms of consumption. The general mutility of ell remedies awakened my en quiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit I accidentally noticed a remurkable cure by Lorraine's Pills and was induced to give them a trial. I sent to Boston and got a box. By the use of them I tound immediate relief and was soon restored to a perfect state of he dth.
